

MISSION STATEMENT

Our son, Luke, was vibrant and charming and touched many lives. We watched him overcome his early physical limitations and develop into a smart and engaging young boy. At age 4, he developed a rare pediatric cancer. Despite great medical care at Upstate University Hospital and abounding love from his family and friends, Luke died in May 2002.

We have established "Lukie's SOUL" as a way to honor Luke and all children who have lost their struggle with childhood illnesses.

“Rays for SOUL Honor Roll”
Personalized Opportunity for Giving

“Rays For SOUL Honor Roll” is now on display in Lukie’s classroom in the Upstate Golisano Children’s Hospital. You have an opportunity to purchase a piece of the Honor Roll. Naming opportunities start at \$250. Please call **315-430-3877** to reserve your spot or to learn more, or check out the website at **www.lukiesoul.org** to download your Honor Roll registration form.

SPIRIT OF UNENDING LIGHT

Bringing Hope to Children

April 2021

Join Lukie's SOUL in helping sick and injured children at Upstate Golisano Children's Hospital. When we started Lukie's Holes'Fore' Hope in 2003, we wanted to remember and celebrate Luke's short life, to grieve our loss, find hope and start healing as a family. Over the years, our goal has become so much bigger, and we've accomplished more than we ever imagined together as a community. We are overwhelmed with gratitude for YOU -our sponsors, donors, golfers, volunteers, family, friends and our Lukie's SOUL committee. You have brought your commitment and unending faith for 18 years, celebrating and honoring Lukie's life with us. You've helped sick children and families from across CNY in the most meaningful way when they needed it most.

Lukie's Holes "Fore" Hope has raised over \$500,000 since 2003. These are the things we've accomplished together...

- Named the schoolroom in Upstate Golisano Children's Hospital in Lukie's honor which is staffed by a full-time teacher so patients can continue their schooling and interact virtually with their classmates/teachers.
- Funded equipment updates, yearly instructional materials, backpacks and a working "scrapbook" to help families and children understand their hospital stay in the Upstate GCH and psychiatric inpatient unit.
- Supported seminars for local school teachers to better relate to chronically ill children in the classroom.
- In 2014, supported the pediatric playroom in the Upstate Cancer Center and in 2016, a family bereavement room in the Upstate pediatric emergency room.
- Provided quarterly meals for pediatric patients and their families at Upstate GCH.
- Building an observation room in the new Golisano Center for Special Needs (coming soon).

In this final 18th year of our annual Lukie's Holes 'Fore' Hope golf event, we thank you from the bottom of our hearts!!

In gratitude,

Didi and Vinny Frechette Family and Lukie's SOUL committee
